Maximum Marks	4 marks

Brainstorm & Idea Prioritization:

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions.

Step-1: Team Gathering, Collaboration and Select the Problem Statement

Brainstorm & idea prioritization

Personal expense tracker

- 🕒 10 minutes to prepare
- 🕒 1 hour to collaborate
- 👤 2-4 people recommended

Before you collaborate

A little bit of preparation goes a long way with this session. Here's what you need to do to get going.

🕒 10 minutes

A Team gathering
Define who should participate in the session and send an invite. Share relevant information or pre-work ahead.

B Set the goal
Think about the problem you'll be focusing on solving in the brainstorming session.

C Learn how to use the facilitation tools
Use the Facilitation Superpowers to run a happy and productive session.

Open article

Define your problem statement

What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.

🕒 5 minutes

How to track?

Key rules of brainstorming

To run a smooth and productive session

Stay in topic.

Encourage wild ideas.

Defer judgment.

Listen to others.

Go for volume.

If possible, be visual.

Step-2: Brainstorm, Idea Listing and Grouping

2

Brainstorm

Write down any ideas that come to mind that address your problem statement.

10 minutes

TIP
You can select a sticky note and hit the pencil (switch to sketch) icon to start drawing!

Analyze the week wise performance and find the day where the user spent more.	Notify when the user exceeds the budget	Separate our daily expense category wise	Separate our daily expense rupees wise	If you forget to categorize the daily or monthly expense we will notify to categorize it	In case user 1 is busy user 2 can login to the account	Fix the limit of the expense daily and if it exceeds, alert message will be given	When we spent within the limit, scratch card will be provided
Include the transaction facility	When transaction is completed successfully scratch card will be provided	separate the expenses into daily, monthly and yearly	price tag should be captured and should be analyzed and intimated	Analyse the month wise performance	Transaction history will be shown	User can customize their app	User can view the expense either in the form of barchart or piechart
Notify if the user exceeds the budget during the occasion time.	For business men/ women income may vary so budget will be fixed according to the income.	Find the specific area where the user spend more	Find the specific item where the user spent more	Transaction history can be shared or taken print out	It promises to find and cancel unused subscriptions that are tied to your financial accounts	Two users can login into the same account	Should notify the user about the offers in nearby location

3

Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. In the last 10 minutes, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you can break it up into smaller sub-groups.

20 minutes

TIP
Add customizable tags to sticky notes to make it easier to find, browse, organize, and categorize important ideas as themes within your mural.
